

# Team Covid Officer pre-training checklist

Before each training session you must ask every player individually (together with their parents for under 18 the following questions:

1. **Track and Trace check in:** Ask every player if they have checked into training using the England Netball QR code or via the Engage system. This must be completed every week as each training session treated as a separate visit. Ask players to show you proof of this e.g. screenshot or email confirmation.
2. **Health Screening questions:** Ask every player the following health screening questions – if the answer to any of these questions is yes, then the player should not be cleared to train and should leave site and return home immediately.  
Please also inform Julie Laycock, the club Covid officer of this on 07962033657

**Today or at any point in the last 7 days have you:**

Had a fever?

Had a new, continuous cough?

Experienced any loss or change to your sense of taste or smell?

**In the last 14 days have you, any member of your household or someone that you have been in contact with:**

Reported any of the above symptoms?

Tested positive for Covid-19?

**In the last 14 days have you:**

Been notified by NHS track and trace system that you are a close contact of someone with known Covid-19 infection?

Been sent home from school and asked to self-isolate due to a known Covid-19 case in your year group/ bubble?

Once a player has passed the 2 stages above (Track and Trace check in and health screening) they will then have their temperature taken using a non-contact temperature gun before they are cleared as safe to train. As the club only has 2 temperature guns, this will be done by Julie and other Storm officials, but Covid Officers may be asked to support with this.
